MARKET WAS DULL.

New York, Feb. 11—Trading in stocks today was of the customary ante-holiday character in that dealings were light and limited largely to specialties, notably those recently under severe selling pressure.

There was hurried covering of shorts in alls, predicted presumably upon reports of a more amicible understanding with Mexican interests, while rallies in steels and related equipments probably resulted from an over-extension of the bear account.

In several instances improvement was traceable to specify causes as for example United Fruit, which alwanced 6.3-4 paints on account of an increase in the quarterly divided from 2 to 2.1-2 per cent, together with an extra disbursement of 1-2 of 1 per cent.

A BIG GAMBLE Tex Rickard, the big-time gambler, as startled the sport world again by offering Willard and Dempsey the argest purse in ring history Rickard largest purse in ring history Rickard will pay Li'l Jess and Lill Jack just \$127,000 for less than an hour's work next Fourth of July aftersoon. Wil lard is to receive \$100,000 in advance, win lose, or draw, and Dempsey will get \$27,500.

If anybody in the world but Rickard made such in offer that person would be laughed cut of business but Tex has put over so many big puglistic affairs that the public would nod approval of anything that he might do However, the "wise ones" are giving the coming Willard-Lempsey affair the well-known razi. They feel that Rickard has overstepped himself this time. Too much mency to pay such fighters, they figure. Public interest does not warrant it, particularly considering the great disfavor in governors of the various states will prohibit the battle, as they did when poor Les Darcy tried to box here. And if Rickard takes the pout outside the country it will be a rank financial If anybody in the world but Rickard the country it will be a rank financial

YALE'S ROWING BOOM

Yale's rowing boom has already registered a squad of nearly 300 oarsmen. There are eight varsity and eleven freshmen crows in the squad, and the crows representing every class and several other units of undergraduate lite are being formed by Professor Mather Abbott faculty member who is in charge of the development of the sport this season, as last year. HANK GOWDY SHOULD

BE BASEBALL IDOL

Who will be the greatest individual drawing card in baseball when
the sport is resumed in April? Will
Ty Cobb far famed slugger of the
Tigers, hold his eminence against
the swift advance of Hark Gowdy,
the first prefessional ball player to
enlist in the army of the United
States when this country piunged into
the war, or will Gowdy, soon to return from his conquests in France,
reign, supreme in the realm of the BE BASEBALL IDOL eign, supreme in the realm of the

litis in the realm of the diamond?

It is safe to predict, according to George Stalling manager of the Braves, that Gowdy next season at least, will equal Cobb as an individual attraction. Gowdy, furthermore, will not yield to the tempting inducements for him to go on the stage, but will continue in baseball because he prefers to play the game to anything clse, even to the easy-going happy-go-lucky existence of the vaudeville performer.

"Hank is too level-headed a fellow to accept any offer to go on the stage when he returns from France," declared George Stallings, "Gowdy sent me a letter which? received just a few days any thing."

I sent him over a Christmas remembrance and he grate-fully acknowledged it and said he hoped to be back in early February and that he would be ready and anx-ious to go South with us for the start of the spring training.

Why Spend So Much Money on Shoes?

Here is what Tracy Munson of Joplin, Missouri, says of Neolin Soles: "Judging from my own experience, they wear four times longer than other soles and have the additional advantage of being waterproof and slip-proof."

Why continue to wear extravagant old-fashioned soles when you can get these money-saving, long-wearing soles on new shoes in any style you like for any member of the family? Good shoe stores everywhere carry them.

And don't throw away your old shoes. Have them re-bottomed with Neolin Soles and enjoy the comfort of a re-soled shoe which is not stiff or, clumsy. Nedlin Soles are a discovery of Science, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

patriotism on his return. He will play ball. He loves the game. It is his game. Nothing else but a return to baseball will round out Hank's war record."

From this it might be inferred that

From this it might be inferred that Stallings was a trifle nervous about what Godwy might do on his return. But Stallings said he was not the least concerned about it; that he knew Gowdy too well to believe he would do anything close but don his hall togs and work behind the bat for the bears.
